## Medical Writing

*Professional, Flexible, Dependable*

# Our flexible and responsive TEAM places your needs at the heart of everything we do.

We offer you our significant experience and expertise in professional medical writing, not only across a wide range of therapeutic areas but also in preparing quality documents for all stages of drug/product development.

We understand your needs, those of your different target audiences and ensure the delivery of writing projects to meet such needs.

- PDS has the scope to cover all required areas of expertise
- We have the ability to support your team during periods of high demand and when working to deadlines
- We are flexible and easily adaptable to different work situations based on your specific situation and needs.

Our experienced medical writing team help you clearly communicate your core statement and key messages, while always remaining strictly within the regulations.

'Through engaging PDS to help us with our project we were able to achieve all of our objectives at an affordable cost'.

Regulatory Director,  
UK Generics Company

# Flexible professional medical writing services - exactly when you need them.

'PDS proved to be an outstanding business partner and never failed to meet our expectations. The project was delivered on time and within budget'.

Submissions Manager,  
EU Pharma Company

Working with PDS means you have a highly respected and trusted partner, with experience in a broad range of therapeutic areas and product types.

Our flexible medical writing services allow you to eliminate recruitment costs, while benefiting from our broader pool of experienced medical writers..

Maximise your internal resources by supporting them with PDS's vastly experienced team of medical and scientific professionals. Delegate critical medical writing to our TEAM and let us help you to deliver the results you need.

Call on us to help with the key areas where you most need support and maximise your return on investment. Whatever your medical writing and/or medical communication needs, we aim to meet your expectations.

**Our medical writers know how to produce a compelling business case to effectively convey your argument to the regulators, using accuracy and attention to detail.**

# Medical Writing Services

## Our expertise and experience promise

- Highly scientifically/medically qualified writers
- Experienced understanding of regulatory and other customer requirements
- Fully ABPI aware and compliant
- Delivery of quality individually tailored projects

You can trust the PDS medical writing team – we care about your projects, the quality of our work and delivering to meet your needs and objectives. When you outsource medical writing projects to PDS, you really can leave them to us to manage; we will deliver what you need, when you need it.

**PDS can support you with any size of project for any audience: from full-scale clinical development plans, investigator brochures or product monographs to patient information materials.**

'We were faced with a regulatory challenge that was both complicated and overwhelming. However, PDS's professional team simplified the entire project and through their flexible approach, helped us to achieve a successful outcome.'

Global Head of Regulatory,  
EU Pharma Company.

# Medical Writing Services

## Benefit from our experience in:

- Regulatory submissions
- Licence maintenance documents
- Clinical Study Protocols
- Investigator Brochures
- Clinical Study Reports
- Patient Narratives
- Risk Management Plans
- Annual Safety Reports (ASRs)
- Periodic Safety Update Reports (PSURs)
- Pharmacovigilance system and process documents
- Summaries of Product Characteristics (SmPC)
- Package leaflets, labelling and patient support information

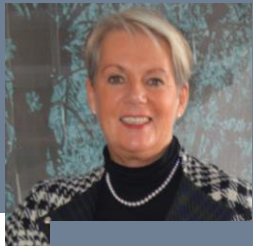

Our medical writers have the ability to absorb ideas of any complexity and translate them into language that is appropriate to your target audience.

PDS was founded in 2005, initially providing Patient Information services. Over the course of the following decade we have grown steadily, whilst expanding our portfolio. Today we offer our clients a complementary range of professional pharmacovigilance and regulatory services.

As a partner of choice for numerous high profile life-sciences companies, (including some of the world's Top 5 pharma), we continue to build on our reputation for being a trusted outsource partner, committed to delivering detailed responsive solutions through strategic thinking, depth of professional ability and a commitment to the highest quality standards.

To find out more about how PDS can help you, get in touch today. Our TEAM look forward to hearing from you.

Carol Kingstone,  
Managing Director
